Landscape Architect and founder/partner date of birth 1966

Martin Knuijt is one of the founders and partners of OKRA, a prominent landscape architecture and urban planning office in The Netherlands. He is mostly active as designer in urban and landscape development projects on a wide range of design assignments. These vary from abstract plans and long-term visions to detailed designs for spatial organisation. Recent projects are amongst others 'Metropolitan Zone Copenhagen', 'Vision Public Space Rotterdam city centre' en 'Site Flanders Expo Ghent'. Several lectures, articles and tutoring testify of his involvement on the field of landscape architecture and urban planning. Martin Knuijt was keynote speaker at the IFLA congress in Calgary, the CCCB Biennale in Barcelona, and the EFLA congress in Prague, at the 75 anniversary of TU Berlin and at Tongji University in Shanghai. He is author of a couple of publications on landscape and urban planning, published in several European magazines. At present Martin Knuijt is supervisor public space for Rotterdam city centre.
